The hospitality and tourism industry are vital to any economy and this is certainly true for South Africa. With a country rich in diversity, beauty and culture, our hospitality sector is a thriving industry. Both local and international tourists delight in the many sites, sounds and entertainment our beautiful country has to offer. Ensure that you take full advantage of visitors, passers-by, travellers, explorers, and tourists alike, by branding your hospitality establishment with professional and striking signage.

Signage is one of the oldest forms of traditional marketing, but it is still vital in today's day and age.

Although signage is one of the oldest forms of traditional marketing, it remains vital and relevant. Without legible and proper signage, your hospitality business is bound to suffer. Showcasing your establishment in the best light possible is vital to success. Business owners are pressed to use dynamic and effective tools to market their hospitality establishments, in order to stay ahead of the competition. Outdoor signage is especially crucial in advertising efforts. Without effective outdoor or building signage, an establishment will remain hidden and enjoy less feet into the business.

- 10** *Stand out in a highly competitive industry with attractive signage and promotional items*

HOSPITALITY SIGNAGE APPLICATIONS

BUILDING & OUTDOOR SIGNAGE

LIGHTBOXES | RECEPTION SIGNS | METAL SIGNS | 3D SIGNS

Use building signage to attract attention, convey your location, parking information or as a branding tool.

SHOPFRONT SIGNS | FASCIA SIGNS | 3D LOGOS LETTERING

These signs are primarily used to communicate your brand identity as well as location or differentiation between buildings or venues.

WINDOW SIGNAGE

Use windows that face the road as branding or advertising space. Make the most of this space with clever and creative marketing efforts.

ILLUMINATED SIGNAGE

The options are endless. We highly recommend illuminated signage for exterior marketing purposes and via clever use indoors, these signs can be used for the identification of rooms, areas etc.

BUILDING & OUTDOOR SIGNAGE

WAYFINDING & SAFETY SIGNAGE

Directional signs are essential for wayfinding or parking purposes. Ensure inclusivity with the use of accessibility signs for those with impairments. Health and safety signage should be incorporated as a standard in any establishment.

FREESTANDING SIGNAGE

Billboards are extremely effective advertising solutions, whether placed close to your establishment or further away. Use metal or post signs for directions from main or dirt roads to be found easily. Monument signs can be used elegantly to differentiate separate parts of an establishment – such as labelling cabins, camps, or outdoor sections.

PROMOTIONAL SIGNAGE & SOLUTIONS

The use of these materials bring versatility and convenience with them. The use of banners, flags etc. can convey promotions, indicate locations, or draw the eye to an establishment. Move these signage solutions around as needed.

HOSPITALITY SIGNAGE APPLICATIONS

INDOOR SIGNAGE

WINDOW SIGNAGE

The use of window graphics, frosting, decals, or lettering can be used in creative ways to enhance an interior or to add to the ambience of an establishment. Create privacy in certain areas with the use of window frosting.

RECEPTION SIGNS | NEON SIGNAGE

Enhance your reception area with the use of signage that creates a welcoming atmosphere and places guests, visitors, or patrons at ease.

WAYFINDING | SAFETY SIGNAGE

Keep employees, guests, visitors, and patrons safe with the use of warning or safety signage. Guide them effectively with wayfinding signage too. Speak to your local Signarama store about our crisis or pandemic signage solutions too.

INDOOR SIGNAGE

WALLPAPER | WALL DECALS | WALL GRAPHICS

Make a statement with a stunning wall mural, graphic, decal, or wallpaper. This signage solution can be used to communicate information, act as a marketing medium or serve as a décor aspect.

PROMOTIONAL SIGNAGE & SOLUTIONS

Custom branded items add a personal touch that guests, visitors and patrons appreciate. Brand your pavement or floor with custom graphics or invest in exhibition signage to market your establishment at indabas or expos. POS and menu signage options are a necessity where food and beverages are concerned.

HOSPITALITY SIGNAGE APPLICATIONS

VEHICLE SIGNAGE

Our vehicle signage range is suited to the hospitality industry and acts as a dual marketing mechanism. Not only does vehicle signage and branding allow users to identify the vehicles they are looking for, vehicle signage is a mobile billboard. Up to 70% of road users notice vehicle signage, the ROI on this branding mechanism is stellar!

VEHICLE WRAPS

Vehicle wraps are extremely beneficial to the hospitality industry. Make a statement with eye-catching designs with a full wrap, $\frac{3}{4}$ wrap or a half wrap.

ONE-WAY VISION

Use one-way vision signage on your rear window of your vehicle or shuttle. Maximise your marketing ability while providing privacy for passengers. The harsh summer sun is also minimised through this dynamic branding option.

FLEET GRAPHICS

Brand your entire fleet with the use of fleet graphics across all your vehicles. Ensure your business is seen on the road and when parked with the use of a branded fleet.

Our vehicle signage range is suited to cars, bakkies, trucks, vans, buses, trailers, motorcycles, scooters, boats, jet-skis, trains, trams, bicycles, and small aircraft.
